

SOCIAL, PERSONAL AND PUBLIC SERVICES

✓ Counts for SBOE Recommended HS Program.

✎ **Minimum Graduation Program only**
DC- Dual Credit Course for College

All courses are not available every semester. Each campus offers courses based on student interest.

EDUCATION AND TRAINING

Principles of Education and Training *BCTAL X04440*

The content includes a focus on interpersonal skills, decisions making, promotion of family strengths and well being, developing positive relationships with peers, child development and care. Influences of societal and technological changes, career options and the management of multiple family, community and wage earner roles are included. 2 semesters (1 credit).
Grade 9-12

Human Growth and Development *BCTAL X04500*

In this independent-study course, an examination of human development across the lifespan is made, with emphasis upon research, theoretical perspectives, and common physical, cognitive, emotional, and social developmental milestones. 2 semesters (1 credit).
Grade 10-12

Instructional Practice in Education and Training *X04150*

Students work under the direction and supervision of a teacher who has expertise in the areas of child development and educational methodology and an exemplary educator in an instruction role. Students plan and direct activities, prepare and develop instructional materials, and assist with record keeping. 2 semesters (2 credits).
Grade 11-12

Practicum in Education and Training *X04180*

Content stresses parental responsibilities, child guidance techniques, parents as positive role models, parents as their children's first teacher, and parenting practices that promote a child's development, health, safety and well being. Managing family crises, multiple roles of family members and career preparation. 2 semesters (2 credits).
Grade 12

Practicum in Education and Training II *BCTAL X04190* (WBL)

Field-based internship providing students with principles of effective teaching and training practices. Students work under the joint direction of both a teacher with knowledge of early childhood education and exemplary educators in direct instructional roles with elementary-, middle school-, and high school-aged students. 2 semesters (3 credits).
Grade 12

Culinary Arts

GOVERNMENT AND PUBLIC ADMINISTRATIONS

See selection in Physical Education section titled Junior Reserve Officers' Training Corps (JROTC)

HOSPITALITY AND TOURISM

Culinary Arts *BCTAL X03510*

This laboratory-based course begins with the fundamentals and principles of the art of food preparation and includes management and production skills and techniques. Students can pursue a national sanitation certification and other appropriate industry certifications. The knowledge and skills required for careers in the restaurant, food, and beverage industry are practiced as food is prepared for campus based restaurant. 2 semesters (2 credits).
Grade 10-12

Practicum in Culinary Arts *BCTAL X03501*

Students continue to refine their knowledge and skills required for careers in the restaurant, food, and beverage industry. Students can pursue a national sanitation certification and other appropriate industry certifications. Lab activities involve food production for a campus based restaurant. 2 semesters (2 credits).
Grade 11-12

Hotel Management *BCTAL X25070*

This in-depth study of the lodging industry includes departments within a hotel such as front desk, food and beverage, housekeeping, maintenance, human resources, and accounting. This course will focus on, but not be limited to, professional communication, leadership, management, human resources, technology, and accounting. 1 semester (1 credit).

Instructional topics include diet-related disorders, diets appropriate to the life cycle and other factors, therapeutic diets, chemical and physical changes that affect food safety and sanitation standards, market research, legal issues and food policies. Laboratory activities utilizing research methods related to current issues in food science, technology and nutrition are included. 2 semesters (1 credit).
Grade 10-12

HUMAN SERVICES

Principles of Human Services *BCTAL X04300*

Students investigate careers including counseling and mental health, early childhood development, family and community, and personal care services. Rewards, demands, and future trends in family and community services and analysis of societal functions across the lifespan are elements of the course.
Grade 9-12

Cosmetology I *BCTAL X13700*

Provides classroom training to achieve the Texas Cosmetology License. Students will be able to work on outside clientele for hands-on training. Students will be expected to purchase their beginners training kit during the first week of school. Students will be required to have completed 500 clocked hours before advancing to Cosmetology II. 2 semesters (3 hours).
Grade 11

Cosmetology II *BCTAL X26600*

Upon completion of their Senior year and the required 1500 hours total, students will have received classroom training needed to prepare them for their Cosmetologist Exam from the Texas Department of Licensing and Regulations. Students will also be able to work on outside clientele for hands-on training. 2 semesters (3 hours)
Grade 12

Practicum in Human Services **X13111**

This practicum provides occupationally specific training and focuses on the development of careers in the areas of consumer services, early childhood development and services, counseling nutrition and wellness, hospitality and food services, fashion and interior design, and family and community services. Content is designed to meet the occupational preparation needs and interests of students by placing them in a paid or unpaid employment setting. 2 semesters (3 credits).
Grade 11-12

Practicum in Human Services II **X13200**

This practicum provides occupationally specific training and focuses on the development of careers in the areas of consumer services, early childhood development and services, counseling, nutrition and wellness, hospitality and food services, fashion and interior design, and family and community services. Content is designed to meet the occupational preparation needs and interests of students by placing them in a paid or unpaid employment setting. 2 semesters (3 credits).
Grade 12

Child Development **X04200**

This course addresses knowledge and skills related to child growth and development from prenatal through school-age children. Students will become equipped with child development knowledge that can be used to promote the well-being and healthy development of children and to investigate careers related to the care and education of children. 2 semesters (1 credit).
Grade 10-12

Wellness**Interpersonal Studies** *BCTAL X04250*

This course examines how the relationships between individuals and among family members significantly affect the quality of life. Students use knowledge and skills in family studies and human development to enhance personal development, foster quality relationships, promote wellness of family members, and manage multiple adult roles.

Grade 10-12

Lifetime Nutrition and Wellness *X03900*

This laboratory course allows students to use principles of lifetime wellness and nutrition to help them make informed choices that promote wellness as well as pursue careers related to hospitality, human services, and health sciences. Laboratory experiences will focus on the integration of nutrition and wellness knowledge with basic food preparation and management skills. 2 semesters (1 credit).

Grade 10-12

Dollars and Sense *X04350*

This course focuses on consumer practices and responsibilities, the money management process, decision-making skills, the impact of technology on financial management, and preparation for human services careers. 2 semesters (1 credit).

Grade 10-12

Counseling and Mental Health *X24000*

This course is an introduction to mental health services, careers, history, agencies and current issues, and the difference between functional and dysfunctional behaviors. Students develop an awareness of the factors that affect mental health by exploring traditional and emerging treatment modalities. 2 semesters (1 credit).

Grade 10-12

Parenting Education School Age Parents I *X04100*

This course addresses the special needs and interests of male and female students who are parents or who are pregnant and will become parents in the near future. Special emphasis is placed on prenatal care and development, postnatal care, child development, infant care, and parenting skills. 2 semesters (1 credit).

Grade 9-12

Parenting Education School Age Parents II *X04000*

This course is a continuation of the Parenting Education School Age Parents I course, it addresses the special needs and interests of male and female students who are parents or who are pregnant and will become parents in the near future. Special emphasis is placed on prenatal care and development, postnatal care, child development, infant care, and parenting skills. 2 semesters (1 credit).

Grade 10-12

Problems and Solutions *X02600*

This independent study research activity allows students to develop advanced technical knowledge and skills in problem solving in family and consumer sciences education. Successful completion of this course qualifies as an advanced measure of the Distinguished Achievement Program. 2 semesters (1 credit).

Grade 11-12

**LAW, PUBLIC SAFETY,
CORRECTIONS AND SECURITY****Principles of Law, Public Safety,
Corrections and Security** *X25200*

A study of nature of criminal law, its philosophical and historical development with major definitions and concepts. Instruction will include the classifications of crimes with the elements of crimes and penalties using Texas statutes as illustrations. 1 semester (1 credit).

Grade 9-12

Court Systems and Practices *BCTAL X25100*

Emphasizes pretrial court proceedings such as rules of discovery, challenges to evidence, direct and circumstantial evidence and burden of proof; explores pleas and plea bargaining in trial proceedings; identifies the trial process up to sentencing; conducts mock trials to demonstrate understanding of the criminal trial procedure. Explores official roles and duties in the federal and state court system. 1 semester (1 credit).

Grade 10-12

Law Enforcement I *BCTAL X02200*

This course provides a basic understanding of investigative theory, collection and preservation of evidence, and sources of information. Methods of conducting interviews and interrogations will also be covered. Students will be provided opportunities to discover uses of forensic sciences and preparation for cases and trials. 1 semester (1 credit).

Grade 10-12

Law Enforcement II *BCTAL X02300*

This course includes the ethical and legal responsibilities, operation of police and emergency telecommunication equipment, and courtroom testimony. 2 semesters (2 credits).

Grade 11-12

**Practicum in Law, Public Safety,
Corrections and Security** *BCTAL X02100*

The Practicum is designed to give students supervised practical application of previously studied knowledge and skills. Practicum experiences can occur in a variety of locations appropriate to the nature and level of experience.

Grade 11-12

✓ Forensic Science *X02000*

Students learn terminology and investigative procedures related to crime scene, questioning, interviewing, criminal behavior characteristics, truth detection, and scientific procedures. Students collect and analyze evidence through case studies and simulated crime scenes such as fingerprint analysis, ballistics, and blood spatter analysis. 2 semesters (1 credit).

Grade 11-12
