

Texas law has added an additional basis for eligibility for admission to a school district. The new eligibility is for a student who does not reside in the school district, but whose grandparent resides in the district and provides a substantial amount of after-school care for the student as determined by the district's board of trustees.

- 1. Parents and Grandparents must complete the attached form and both signatures must be notarized. Please note that BISD officials will not notarize their own forms.
- 2. After the form is completed and notarized, either the parent or grandparent must make an appointment with BISD Student Services Department for an informal conference.
- 3. During this conference the specific situation will be discussed and either approved or disapproved.
- 4. If the enrollment is approved, the person who is enrolling the child will take a copy of the approved form to the individual campus to begin the enrollment process. All required enrollment paperwork will be needed for enrollment in addition to the approved form.
- 5. The school zone in which the grandparent resides will determine the BISD campus where the individual student will be enrolled.
- 6. The campus principal may revoke this approval if the student has serious or repetitive discipline or attendance problems after enrollment.
