## Bid #060-10

This bid is based on a percent discount from the publisher's list price. EBSCO Information Services was awarded the bid for the 2010-2011 school year and they have agreed to extend their pricing for the 2011-2012 school year. Their discount is 20%. The librarians should have a copy of the company's catalog; if not, please contact the representative listed below. It normally takes 4 to 6 weeks to start deliveries. Some magazines can only be purchased through the publisher; so review the catalog before sending in a purchase order. Back issues are available through this company. When you receive the first issue of the magazine, receive the purchase order in the system so payment can be made to the company.
