# **Demographics**

#### **Demographics Summary**

Snow Heights Elementary, located in North Richland Hills, Texas, is a PreK-5 Title 1 campus in Birdville ISD. Although this improvement plan focuses on the 2024-2025 school year, the demographic information comes from the Texas Academic Performance Report data collected during the 2023-2024 school year. Student enrollment at Snow Heights Elementary during 2023-2024 was similar to previous school years. Enrollment data shows that campus enrollment was approximately 395 students for the majority of the school year. Our Hispanic student group is one of our largest ethnic groups and represents 26.65% (105 students) of the population. Our largest student group is White at 50.00% (197 students). Our smallest groups are the following: African American-13.71% (54 students), Asian-4.82% (19 students), and 3.81% (15 students) claim Two-or-More Races. The percentages for most of these groups has increased in just one year's time.

The approximate 13% student mobility rate for Snow Heights Elementary remains consistent from year to year, while 47.72% (188), of our students are Economically Disadvantaged which is consistent with previous school years. The other student groups for Snow Heights Elementary include 4.06% (16 students) Emergent Bilingual (EB), 6.35% (25 students) Gifted and Talented, and 21.83% (86 students) Special Education. Additionally, 46.45% (183) of our students have been identified as at-risk. The campus attributes much of its achievement to a strong partnership with parents and a focus on high-quality education. The campus is predominantly a neighborhood school, where most students reside within the neighborhood, and approximately one-fourth of students are transported. Snow Heights strives for good attendance and had a 94.31% student rate last year, which has decreased from the previous school year. While this is below our campus and district goal of 97%, we will continue to work on increasing the attendance rate for staff and students.

#### **Demographics Strengths**

Snow Heights Elementary has many strengths. Some of the most notable demographic strengths include:

- 1. The community of Snow Heights is steeped in tradition, involved, consistent, and committed to education. Many families stay in the area just for the school and many of the teachers went to Snow Heights as students. Since our families value education, we have many supportive parents and students who strive for success.
- 2. The attendance rate at Snow Heights Elementary is always a focus for any school year and will continue to be for the current year. It remains very close year to year: 96.8% in 2015-2016, 96.6% in 2016-2017, 96.0% in 2017-2018 96.2% in 2018-2019, and 96.8% in 2020-2021. Attendance dipped severely during the 2021-2022 school year, 94.8%, due to continued Covid protocols. While attendance increased (95.07%) during the 2022-2023 school year, our attendance in the 2023-2024 school year decreased to 94.31%. Our goal is to reach a rate of 96% or higher for the 2024-2025 school year.
- 3. Students at Snow Heights Elementary are very accepting of new students regardless of race or ethnicity. Utilizing the district's Social Emotional Behavior (SEB) curriculum, as well as Capturing Kids' Hearts (CKH) strategies, keeps the students and staff committed to building strong relationships with one another. These strong relationships spillover into the homes of our families and in our community.

#### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1 (Prioritized):** Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. **Root Cause:** Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and

#### families.

**Problem Statement 2 (Prioritized):** In addition to Resource and Speech students, we have two self-contained Special Education classes on campus. This puts Snow Heights with a 21.83% in Special Education which is almost a 4% increase from the previous school year and above the district average. **Root Cause:** The increase in the percentage of Special Education students at Snow Heights, including those coming from other campuses for specialized programs, may be due to changes in district-wide placement practices, variations in student support needs, or adjustments in enrollment patterns.

**Problem Statement 3 (Prioritized):** While most of our students meet the district and campus goal of achieving at least one year's growth in Math, there is still an achievement gap in this subject area. **Root Cause:** Despite most students meeting the growth goals in Math, an achievement gap persists due to underlying disparities in instructional quality, access to resources, or individual learning needs that are not fully addressed.

**Problem Statement 4 (Prioritized):** There is a disconnect between K-2 and 3-5 Writing; students are not making adequate progress as they enter upper grades. **Root Cause:** With the addition of Extended Constructed Responses on the STAAR tests, students are not adequately prepared when using the current writing curriculum.

#### **Student Learning Strengths**

Snow Heights Elementary has a population of hard-working, high-achieving students. The campus is proud of many different student achievement strengths, including:

- Strong Reading Interim & STAAR scores in 3rd, 4th, and 5th Grades
- Strong mCLASS scores in K-2
- · Closing gaps in area of Math

#### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** Most of our Special Education students are not meeting the Approaches level on any STAAR test they take. **Root Cause:** Many of our Special Education students do not qualify for STAAR Alt. While these students can utilize accommodations, many are still below grade level and struggle completing the STAAR test at the Approaches level.

**Problem Statement 2 (Prioritized):** There is not adequate growth in Masters scores in most subject areas for students in Grades 3-5 **Root Cause:** Students are not achieving growth from Meets to Masters levels due to potential gaps in instructional strategies, support systems, or enrichment opportunities that may not fully address the needs of advanced learners.

**Problem Statement 3 (Prioritized):** Based on previous STAAR scores, Meets and Masters scores have decreased in Reading and Math for all grades. **Root Cause:** The campus is not providing sufficient differentiation opportunities for students.

**Problem Statement 4 (Prioritized):** Students are not achieving allowable points on Writing responses in Grades 3-5. **Root Cause:** Additional professional learning is needed in this area so students are prepared for the writing components tested on STAAR.

# **School Processes & Programs**

#### **School Processes & Programs Summary**

At Snow Heights Elementary, students are served by a number of specialized programs related to their individual needs. Almost 48% (approximately 190) of our students are served by the Free and Reduced Lunch program. Sixteen (4.06%) of our students are considered Emergent Bilingual and receive services through our English as a Second Language program. Currently, 21.83% (86) of our students are served in Special Education. Many of those students have been assigned to our AABLE (Academic and Adaptive Behavior Learning Environment). This program includes students with significant deficits in cognitive and adaptive behaviors who demonstrate needs in functional and developmental areas. Finally, 6.35% of our students have been identified as gifted and talented and are served in the district's Advanced Academics program.

The Multi-Tiered System of Support (MTSS) program serves students in grades Kindergarten through 5 in both Reading and Mathematics. Students are identified for tiered intervention services using data from universal screeners administered three times each year and through consideration of other performance evidence by a collaborative conference committee. Our goal is to keep the intervention groups small and staffed appropriately which will aid students in closing gaps in their learning. In addition, we offer enrichment to our Tier 1 students by utilizing tutors and other staff members.

#### **School Processes & Programs Strengths**

- •Snow Heights has a strong vertical alignment among teachers and staff. They meet in vertical teams (Reading/Writing, Math, and Science) throughout the year to align curriculum and interventions.
- •Trained tutors are utilized to assist in providing intervention to struggling students
- •Teachers implement Tier 1 priorities to ensure strong Tier 1 instruction is being delivered

#### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1 (Prioritized):** The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth. **Root Cause:** The campus is not providing sufficient differentiation opportunities for students.

**Problem Statement 2 (Prioritized):** Students are slow to respond to intervention as many are not moving off tiers in a timely manner. **Root Cause:** Insufficient adherence to Tier 1 instructional priorities and inconsistent implementation of interventions may be contributing to gaps in student learning and achievement.

**Problem Statement 3 (Prioritized):** Insufficient time and intentional collaboration for data analysis across grade levels are limiting the effectiveness of data-driven instruction and decision-making. **Root Cause:** Limited time and lack of structured collaboration for data analysis may hinder the ability to fully understand and address student needs, impacting the

overall effectiveness of instructional strategies and interventions.

**Problem Statement 4 (Prioritized):** Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools. **Root Cause:** Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools.

**Problem Statement 5 (Prioritized):** Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. **Root Cause:** Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.

# Goals

**Goal 1:** Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

**Performance Objective 1:** All students will make at least one year's progress in Reading and mathematics by the end of school year.

- a) Meet the progress monitoring targets in Prekindergarten 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals.
- b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

**Problem Statement 2**: Students are slow to respond to intervention as many are not moving off tiers in a timely manner. **Root Cause**: Insufficient adherence to Tier 1 instructional priorities and inconsistent implementation of interventions may be contributing to gaps in student learning and achievement.

**Problem Statement 3**: Insufficient time and intentional collaboration for data analysis across grade levels are limiting the effectiveness of data-driven instruction and decision-making. **Root Cause**: Limited time and lack of structured collaboration for data analysis may hinder the ability to fully understand and address student needs, impacting the overall effectiveness of instructional strategies and interventions.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

**Performance Objective 2:** Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

#### **Demographics**

**Problem Statement 1**: Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. **Root Cause**: Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.

**Problem Statement 2**: In addition to Resource and Speech students, we have two self-contained Special Education classes on campus. This puts Snow Heights with a 21.83% in Special Education which is almost a 4% increase from the previous school year and above the district average. **Root Cause**: The increase in the percentage of Special Education students at Snow Heights, including those coming from other campuses for specialized programs, may be due to changes in district-wide placement practices, variations in student support needs, or adjustments in enrollment patterns.

#### **Student Learning**

**Problem Statement 1**: Most of our Special Education students are not meeting the Approaches level on any STAAR test they take. **Root Cause**: Many of our Special Education students do not qualify for STAAR Alt. While these students can utilize accommodations, many are still below grade level and struggle completing the STAAR test at the Approaches level.

## **STRENGTHS**

Snow Heights Elementary has many strengths. Some of the most notable demographic strengths include:

- 1. The community of Snow Heights is steeped in tradition, involved, consistent, and committed to education. Many families stay in the area just for the school and many of the teachers went to Snow Heights as students. Since our families value education, we have many supportive parents and students who strive for success.
- 2. The attendance rate at Snow Heights Elementary is always a focus for any school year and will continue to be for the current year. It remains very close year to year: 96.8% in 2015-2016, 96.6% in 2016-2017, 96.0% in 2017-2018, and 96.2% in 2018-2019. Since Covid, attendance has decreased but is back to the 96% for the 2022-2023 school year.
- 3. Students at Snow Heights Elementary are very accepting of new students regardless of race or ethnicity. Utilizing the district's SELFIE attributes as well as Capturing Kids' Hearts keeps the student and staff committed to building strong relationships with one another. These strong relationships spillover into the homes of our families and in our community.

# **AREAS FOR GROWTH**

- Our campus has yet to meet our attendance goal of 97%.
- In addition to Resource and Speech students, we have two AABLE classes on campus. This puts Snow Heights with a 18.4% in Special Education which is an increase from the previous school year and above the district average.
- While most of our students meet the district and campus goal of achieving at least one year's growth in Math, there is still an achievement gap in this subject area.

- Meet and maintain school attendance goal of 97% for the 2023-2024 school year.
- Follow Rtl guidelines/ interventions and SpEd protocols prior to recommending SpEd testing for a student
- Focus on students achieving moving from one level to the next (Approaches, Meets or Masters) on STAAR test in Math for the 2023-2024 school year
- Focus on progress monitoring in all subject areas to monitor growth

# PERCEPTIONS

## **STRENGTHS**

During the 2022-2023 school year, Snow Heights Elementary collected data from students and parents in regards to school safety, processes, and events. Staff, parents, and students in Grades 4-5 completed these surveys during the Spring of 2023. Data collected included perceptions of the overall safety environment of Snow Heights as well as meeting the social/emotional needs for students. In addition, a campus survey was sent to all SHE families to obtain their level of satisfaction of the 2022-2023 school year.

Survey results indicated the following regarding perceptions of school safety, processes, procedures, and campus activities:

- Over 90% of student responses showed that students were trained and ready to implement Standard Response Protocols
- 96% of parents reported that their student had a trusting relationship with at least one adult on campus and felt the campus was safe and orderly
- Parents and Staff shared the importance of all student/family activities set Snow Heights apart from other campuses

## AREAS FOR GROWTH

- •Even though students indicated that they are aware of Standard Response protocols, parents need more communication in this area so they can discuss with their student(s)
- •Students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills as well as bullying prevention.
- •Parents want more communication when it comes to curriculum expectations and disciplinary procedures

- Continue to conduct BISD safety survey as well as campus surveys to monitor student & community perceptions
- Utilize Capturing Kids' Hearts strategies
- Implement SEL curriculum to students; Provide parents/guardian SEL resources
- Continue providing after school clubs for students: Yearbook, Polar Gazette, Good News Club, Dance Club, etc.

Accountability Rating=A \*based on 2022 data

# AREAS FOR GROWTH

- •There continues to be a decrease in Masters scores in most subject areas for students in Grades 3-5
- •Even though Math scores have improved, many students are not meeting the campus expectation of achieving Approaches or Meets on the Math STAAR test
- •Special Education students are not performing well (obtaining Approaches level) on the STAAR test

- Implement strong Tier 1 instruction to ALL students
- Provide intervention/ accelerated instruction through tutors
- Implement PLC process to discuss student growth and progress

# PROCESSES & PROGRAMS

# **STRENGTHS**

The academic and behavior Rtl program serves students in grades K through 5. Students are identified for tiered intervention services using data from Reading and Math universal screeners administered three times each year as well as consideration of other performance evidence by a collaborative conference committee. Our goal is to keep intervention groups small and staffed appropriately which will aid students in closing gaps in their learning and behavior. In addition, we offer enrichment to our Tier 1 students by utilizing tutors and other staff members.

# **AREAS FOR GROWTH**

- The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth.
- Students are slow to respond to intervention as many are not moving off tiers in a timely manner.
- Ensure time is allotted to analyze data in all grade levels
- Focus on alignment with cluster campuses including middle and high schools

- Teachers meet in vertical teams throughout the year to align curriculum and interventions on campus
- Collaborate and plan with comparison campuses to strengthen cluster alignment
- Utilize trained tutors and classroom teachers to assist in providing intervention to Tier 3 students
- Implement Tier 1 priorities to ensure strong
   Tier 1 instruction is being delivered
- Utilize Crisis Intervention Counselor to assist Counselor in forming and hosting groups
- Provide minutes in the daily schedule to address SEL learning
