

How do I get my voicemail password reset?

Technical Services resets voicemail passwords. Contact Technical Services in one of 3 ways:

1. Open a ticket. Be sure to include the extension to be reset.
2. Email Grouplink to automatically open a ticket. Be sure to include the extension to be reset. Grouplink is in the Outlook Address Book.
3. Call Technical Services at 5888. Be sure to include the extension to be reset.
