

# Scholarship Application Process

A parent/student who is interested in a scholarship needs to **call our client relations team at 877-REV-PREP** to request an application sent via email for the class he/she is interested in taking.

Parent/student **must email or fax in all of the necessary scholarship information:**

- Essay
- Household size/income
- Documents indicating financial need/hardship (see suggestions in e-mail)
- How much can you afford to pay for this course?

After we review the application, our team awards an amount accordingly. This process takes approximately **one week to complete**.

Parent/student **must call 877-REV-PREP after 7 business days** to check the status of their application. The student will then be enrolled in the class with their scholarship discount.
