BOND DETAILS BY CAMPUS

Elementary Schools

Jack C. Binion Elementary - $875,185
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground

Birdville Elementary - $18,765,000
- **NEW CAMPUS**

Major Cheney Elementary at South Birdville - $785,900
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables

Foster Village Elementary - $691,236
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground

W.T. Francisco Elementary - $1,523,172
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables
- Replace built-up/rubber roof system
- Provide additional staff parking spaces
- Paint interior throughout facility

Green Valley Elementary - $662,978
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground

Grace E. Hardeman Elementary - $806,206
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground
- Add additional exhaust vents for condensation

Holiday Heights Elementary - $752,615
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables

Alliene Mullendore Elementary - $634,334
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables

North Ridge Elementary - $753,830
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground
- Replace hydraulic boiler

W.A. Porter Elementary - $844,181
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground
- Repair drainage along north exterior wall of cafeteria
- Repair water infiltration/drainage along south wall

Richland Elementary - $1,209,001
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground
- Renovate student restrooms
- Replace built-up/rubber roof systems
- Fire alarm system upgrade

David E. Smith Elementary - $685,944
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables

Smithfield Elementary - $3,283,820
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables
- Construct fencing around kindergarten and activity rooms
- Replace domestic water system
- Replace sanitary sewer system
- Provide direct digital controls for HVAC

Snow Heights Elementary - $1,586,816
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground
- Replace domestic water system
- Renovate main restrooms
- Provide direct digital controls for HVAC

John D. Spicer Elementary - $1,531,589
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables
- Renovate courtyards to address drainage issues

O.H. Stowe Elementary - $742,021
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground

Academy at C.F. Thomas - $2,235,223
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground and portables
- Replace hydraulic boiler
- Remove existing trees; install new landscaping in three courtyards
- Construct exterior courtyards where pavers have sunk

Walker Creek Elementary - $737,717
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Construct fencing around playground

Watauga Elementary - $6,351,979
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Campus computing devices (24) and carts; six computing devices in each class; replace obsolete computing devices for teachers, staff, labs, Fine Arts, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Expand existing kitchen and cafeteria to address student population
- Construct two science classroom additions
- Construct fencing around playground and portables
- Paint interior throughout facility

Academy at West Birdville - $18,765,000
- **NEW CAMPUS**

Middle Schools

Haltom Middle School - $7,359,688
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Provide six modular science laboratories
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Provide drinking water at football field/track
- Fire alarm system upgrade
- Replace domestic water system
- Replace sanitary sewer system
- Resurface track

North Oaks Middle School - $1,940,831
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Provide six modular science laboratories
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Provide drinking water at football field/track

North Richland Middle School – $36,122,000
- **New Campus**

North Ridge Middle School - $1,274,513
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Fire alarm system upgrade
- Provide drinking water at football field/track
- Resurface track

Richland Middle School - $6,440,625
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Provide six modular science laboratories
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Provide drinking water at football field/track
- Replace cafeteria, kitchen and auditorium HVAC
- Replace domestic water system
- Replace sanitary sewer system
- Resurface track

Smithfield Middle School - $5,696,978
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Construct six science lecture/labs and prep room
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Resurface track

Watauga Middle School - $5,757,619
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Construct six science lecture/labs and prep room addition
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Provide drinking water at football field/track
- Replace track

High Schools

Birdville High School - $17,921,318
- Safety and Security
  - Provide secured entryway vestibule
  - Additional key card access units
  - Security cameras upgraded
- Construct two science lab additions
- Expand Fine Arts/Athletics areas to address overcrowding and equity issues
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Address safety issues w/bleachers and install 8' fence with padding
- Replace flooring throughout facility

Haltom High School - $3,903,740
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Provide eight modular science laboratories
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Replace student elevator
- Replace service elevator
- Replace broken curbs and gutters

Richland High School - $1,651,892
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras

Shannon Learning Center - $7,357,688
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Renovate part of existing Buildings & Grounds Department storage area to create two science labs
- Technology upgrades
- Department computing devices (96) and carts; five computing devices in each class in ELA, Social Studies, and Science; replace obsolete computing devices for teachers, staff, labs, CTE, Fine Arts, Athletics, and libraries; wireless network in all instructional areas; replace obsolete projectors, printers and document cameras
- Renovate student restrooms in main school building
- Replace domestic water system
- Replace old built-up roof with gravel
- Replace cafeteria, practice gym and upper gym HVAC

Birdville Center of Technology and Advanced Learning - $1,178,591
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
  - Provide science lab shut-off system for two labs

Other Facilities

Central Stores - $46,710
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Replace obsolete computing devices for staff; network equipment updates; replace obsolete projectors and printers

Fine Arts/Athletics Complex - $105,427
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Replace obsolete computing devices for staff; network equipment updates; replace obsolete projectors and printers

Technology - $1,400,375
- Wireless network, devices, projectors, printers, documents cameras and updates to data center and disaster recovery site

Transportation - $551,374
- Safety and Security
  - Additional key card access units
  - Security cameras upgraded
- Install two manual gates at both entrances
- Provide brick panel concrete fencing at east side of property
- Provide new pavement at bus lot
- Replace obsolete computing devices for staff; network equipment updates; replace obsolete printers

W.G. Thomas Coliseum - $10,000
- Replace obsolete computing devices for staff; network equipment updates; replace obsolete projectors and printers
