Birdville ISD Board of Trustees Meetings CTE Student Organizations Recognized

JROTC Honor Unit of Distinction Designation

It is a privilege to recognize JROTC instructors for their extraordinary success for receiving the Honor Unit of Distinction designations at Haltom High School, Richland High School, and Birdville High School.

U.S Army Junior Reserve Officer's Training Corps (JROTC) is a congressionally mandated program that focuses on the youth-oriented mission "Motivating Young People to be Better Citizens". It is one of the largest youth programs in the world with high school students participating while enrolled in secondary educational programs. JROTC encompasses a myriad of teaching goals focused on leadership, teamwork, character education, personal responsibility, a sense of accomplishment, and service to the nation.

The JROTC Program came to Birdville ISD in 1958 at the original Birdville High School which is now Haltom High School. Another unit was established in 1961 with the opening of Richland High School and in 2001 a unit was established at the "new" Birdville High School. We truly appreciate Birdville ISD's dedication and support of this outstanding program. July 1st marks the 60th anniversary of the JROTC program in Birdville ISD.

This year during the JROTC Program Assessment all three high schools received the Honor Unit with Distinction designation. Only 5% of the multi-school JROTC districts such as ours achieve the HUD status for all of their JROTC Units.

It is a privilege to recognize the outstanding JROTC leaders and instructors, Colonel Robert Fallis, Haltom High school instructors Sergeant Scott Murrah & Sergeant Ricardo Lopez, Richland High school instructors, Captain Warren Harris & Mister Paul Dietrich, Birdville High school instructors Captain George Jons & First Sergeant Roy Hunter.

Congratulations to these instructors for achieving the highest level, Honor Unit of Distinction designation. You have brought recognition to your JROTC programs & to Birdville ISD.

CTE International Finalists

DECA International Career Development Conference

It is a privilege to recognize two Birdville High school students who were finalists at the DECA International Career Development Conference, in Atlanta, Georgia, April 21-24.

DECA is an international, co-curricular Career & Technology Student Organization of over 225,000 members with a mission to prepare emerging leaders and entrepreneurs in marketing, finance, hospitality and management in high schools and colleges around the globe.

The competition in Atlanta consisted of 20,000 students from throughout the United States, Guam, Puerto Rico, Virgin Island, and 9 countries including Canada, China & Germany, with approximately 200 students competing in each event.

The team of Ryan Shannon and Emma Wright, BHS Seniors, competed in a 30-page marketing research written project that included an oral presentation to industry judges, and placed as international finalists in the Hospitality and Tourism Operations Research event. Ryan is a two-year member of DECA and has won at state and competed on the international level for the past two years. Emma is also a second year member of BHS DECA who was a finalist at the state level last year.

Students achieve national recognition because of dedicated teachers. It is a privilege to recognize Marketing teachers from Birdville High School, Emily Shipman and Chad Lewis.

These students are the perfect example of a BISD Portrait of a Graduate. These relevant events and the rigorous competitions showed that they exhibit competence as empowered learners, responsible citizens, global competitors and innovative entrepreneurs.

Congratulations to these outstanding students and their teachers for achieving tremendous success. You have brought honor to your families, to your school, to BISD, and to the State of Texas.

Career and Technology Education (CTE) National Winners

It is with great pride that we recognize BISD CTE students who have returned from competitions as national winners.

SkillsUSA

The 54th Annual National leadership and Skills Conference for SkillsUSA was held in Louisville, Kentucky, June 25-30, with approximately 16,000 students, teachers and business partners in attendance. The BCTAL Automotive Technology chapter had national success.

Matt Dages, Birdville High School student, placed third in the Mobile Electronics competition that included a written test and demonstrating competency in skills stations including market radios, power windows, and navigation and sound systems.

Educators Rising

The 2018 Educators rising National Conference was held in Orlando, Florida, June 21-25.

Three BCTAL students placed in the Researching Learning Challenges Event, that required research to be conducted and presented to judges on a plan with solutions to assist students with dyslexia. The team members are Madison Bolling, Chris Mercer and Lily Wisner, Birdville High School graduates.

We attribute our students' successes not only to their hard work but to the dedication of outstanding teachers. It is a privilege to recognize Automotive Technology teachers Olin Harrington, Jesse Hackfeld and Antoine Sanders and Education and Training Teacher Karen Kallas. Congratulations to these students and their teachers for achieving at the highest level as national winners. You have brought recognition to your CTE programs and to Birdville ISD.

Student Certifications & Licensures Earned by Campus

Vision Statement:

Birdville ISD CTE students will exceed state and national standards in all subject areas, as well as earn nationally recognized industry certifications across all career pathways.

SMART Goals:

In 2018-2019, CTE STAAR performance in all subject areas will exceed 90% passing.
 In 2018-2019, industry certifications and licensures will increase by 10% in order to prepare students to be college and career ready.

Indicators:

CTE STAAR performance
 Nationally recognized industry licensures and certifications

Measure:

STAAR End of Course Exams
 Perkins Program Effectiveness Report

Target:

2,678 certifications and licensures were earned in 2017-2018 and the CTE target for 2018-2019 is 2,946, a 10% increase in student certifications and licensures earned.

2017-2018 Certifications & Licensures - TOTAL 2678

ASSURANCE OF NONDISCRIMINATION

No student shall be denied the right to participate in any school program, education service, or activity because of the student's race, religion, sex, national origin or disability. The district has designated Skip Baskerville to coordinate its efforts to comply with the nondiscrimination requirements of Title IX of the Education Amendments of 1972 as amended, and Section 504 of the Rehabilitation Act of 1973 dealing with rights of students with disabilities. All complaints shall be handled through established channels and procedures beginning with the building principal, followed by appeal to the Administrative Assistant for Community, Parent, and Student Concerns and finally the Board of Trustees. The Birdville Independent School District does not discriminate on the basis of a disability by denying access to the benefits of District services, programs, or activities. To request information about the applicability of Title II of the Americans with Disabilities Act (ADA), interested persons should contact John Hughes at (817) 547-5844.
