Problem Statements Identifying Demographics Needs

Problem Statement 1: 7th grade students in Writing had a decrease in STAAR each year over the last 4 years. Reading scores by average of three and 1/2 % points over the year four years. **Root Cause:** COVID played a part in recent years, however, NRMS has seen an increase in ED students which may have played a part in this process.

School Processes & Programs

School Processes & Programs Summary

New teachers to NRMS are assigned mentors to help in their growth.

Teachers are encouraged to observe other teachers in their classrooms to gain ideas, knowledge, ask questions, and relationships.

Teachers are being evaluated on a less than annual appraisal system if they have taught on campus for two years and received at least proficient in three domains on their T-TESS evaluations.

Teachers are evaluated yearly on the T-TESS statement and monitored by pre conference, walk through, formal evaluations and post conference using the T-TESS appraisal system rubric.

We seek teachers that are talented, highly motivated, student-centered and that are capable of understanding Best Practices as well as develop a Growth Mindset when it comes to student achievement.

All staff are highly qualified in the content area that they teach. In addition NRMS is moving towards teachers certified in the content area that they teach.

School Processes & Programs Strengths

High-quality staff.

NRMS has attracted several Master Teachers from various campuses district-wide as well as throughout the Metroplex.

NRMS retains staff by being inclusive and allowing all staff members to feel like their voice can be heard at all times. Our building also promotes and encourages an environment for leaders to grow throughout the building.

The collaborative, collegial atmosphere of NRMS lends itself to retention of excellent staff members and the recruitment of like-minded individuals.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: We have failed in many cases with new teachers to provide a consistent effort to effectively meet their needs overall in regards to training on Skyward, Canvas, Compass etc...However in the 2019-2020 school year we have assigned each new teacher and several second year teachers mentors that maintain constant communication with new to North Ridge campus and new to teaching. We will continue the process for the 2020-2021 year due to the stoppage in school. All teachers there were first year and new to the campus will resume with a mentor.

Perceptions

Perceptions Summary

At North Ridge Middle we strive to maintain a culture and climate predicated on ensuring that high levels of learning take place every day for all students. Over the last few years we have noticed that our Economically Disadvantaged numbers have increased.

Upon my arrival here at North Ridge, we have noticed an increase in our Economically Disadvantaged students. I arrived 12 years ago as a Texas History Teacher the data indicated that NRMS percentage of ED as under 10%. Administration has monitored the numbers over the years and as of 2021 NRMS has reached 41.65% of ED students, with an At-Risk percentage of 36.57%. This is our first year at Title I and we want to meet the needs of ALL students while a constant and consistent focus on our ED population. The staff has embraced this opportunity by meeting and collecting data collectively to meet the needs of the campus. The priorities of our campus will not change, we will continue to focus on Continuous Improvement, Literacy, and Culture. If we focus on those areas, we will not have an option but to exceed the needs of all students.

Through courageous leadership, pertinent professional development, access to more technology than ever before and support of our Professional Learning Community framework, we make sure that students and teachers have the resources necessary to succeed.

We have a zero-tolerance policy when it comes to bullying and we address each grade level at the beginning of the year, to speak with our young people about the negative affects of bullying. We have adopted several programs to assist with inclusion and tolerance, such as the "I AM" wall and North Ridge Middle Housing System.

All students are placed into a house and mini-houses in the beginning of the year. In their mini-houses of 12-14 students and 1 faculty/staff member, students learn rules, procedures, soft skills, communication skills, and more to be successful in the building and in the real world.

We meet with our incoming 6th grade parents about the transition to middle school and what they can expect, with the hopes of relieving any sense of uncertainty they may have about the middle school experience.

Students at North Ridge Middle also excel in a wide variety of extra-curricular activities that lend themselves to helping students grow academically and socially. Athletics and Fine Arts students typically demonstrate high levels of excellence and their programs do a lot to enhance the environment and to attribute to a positive esteem building experience for our students.

We plan on meeting students needs assessment wise by focusing on Masters level improvement on community relationships with Dads.

Our vision, mission, and beliefs guide the work at North Ridge Middle School. They embody our collective thoughts around how we value, serve, and cultivate our students.

Perceptions Strengths

Students and teachers feel like they are safe when they enter the doors of North Ridge Middle School.

The stakeholders in our community are highly involved and visible which is a tremendous advantage that we embrace.

Students are well-behaved and take school seriously.

North Ridge Middle is highly structured and this helps translate to an environment that is conducive to positive and respectful behavior. NRMS also has created "The Ridge Way", a positive behavior team attended by teachers from each grade and department.

Continuous Improvement: Attendance and academic goal boards are in front of the school to promote positive growth in these areas. Throughout the building, our departments and individual classes promote and demonstrate progress by graphing and charting student and class growth based on common assessments.

C.O.R.E. values are evident throughout the building. In the main hall on display are the values as well as in every classroom. Each month NRMS teachers select worthy students who have demonstrated the C.O.R.E. value for the month. The students are acknowledged and rewarded.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Because of past success NRMS has become a school that has relaxed in communicating our cultural expectations. In efforts to improve this process we have adopted a new focus here on campus. Continuous Improvement, Literacy, and Culture. Each lends itself to new and improved ways to increase our Cultural deficiencies.
