Demographics

Demographics Summary

Alliene Mullendore Elementary was built in 1955 and is located in the southern area of North Richland Hills in Tarrant County and serves an economic and ethnically diverse student population of approximately 334 students in grades pre-kindergarten through fifth grade. Of these 334 students, 39% are white, 37% are Hispanic, 11% are African American, 8% are Asian, 4% are considered multi-racial, while the Native American and Pacific Islander populations combine for less than 1% of the student population. Mullendore is considered a Title 1 campus with approximately 71% of the student population meeting this qualification. Additionally, 57% of the student population are considered to be "At-Risk", 19% of the students meet eligibility to be considered as an LEP student, and 21% of the students receive special education services. Approximately 5% of the student population are identified as being Gifted and Talented and receive GATE services. 7% of the students are identified as being dyslexic. All staff members meet federal highly qualified requirements. The school's attendance rate was reported to be 94.7% and the student mobility rate is 23.6%.

Demographics Strengths

- Student demographics remain fairly stable.
- Typical student population groups remain within 2 or 3 percentage points from year to year and there have not been significant changes noted in student population groups.
- Our student population is increasing with many students returning from the ILT.

Student Learning

Student Learning Summary

A campus academic goal is for all students to achieve at least one year's growth in math and reading. Mullendore staff and administrators track students' annual growth for the year using Progress Monitoring checks, student data folders, and PDSA to help analyze success and to refine practices.

State, district, and grade level common assessments are used to define the amount of growth each student achieves.

Reading			
	Approaches	Meets	Masters
3rd Grade	63.64%	43.18%	22.73%
4th Grade	66.67%	50%	16.67%
5th Grade	86.36%	72.73%	47.73%
Math			
	Approaches	Meets	Masters
3rd Grade	60%	26.67%	13.33%
4th Grade	60.42%	33.33%	14.58%
5th Grade	84.44%	66.67%	44.44%

The English Language Proficiency Status target measure set by the state for the TELPAS progress measure is 36%. In 2020-2021 A.Mullendore Elementary School did not meet the target with a TELPAS progress rate of 34%. In 2021-2022 A.Mullendore Elementary School again did not meet the target with a TELPAS progress rate of 33%. In comparing the progress rate from 2021 and 2022, A.Mullendore Elementary demonstrated a 1% point decrease in students' English language development.

Student Learning Strengths

When looking at data reported by the 2021-2022 STAAR assessment;

- Special Education students in 3rd grade Math increased approaching expectation by 9% and increased in Maters by 9%. Special Education students in 3rd grade Reading increased 22% in meets and 22% in masters expectations.
- Economically Disadvantaged students in 4th grade Math increased meeting expectation by 6% and Masters expectation by 3%. Economically Disadvantaged students in 5th grade Math increased approaches by 4%, meets expectation by 25%, and masters expectation by 21%.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our ELL population and students in our demographic subgroups, did not make the progress expected in the areas of meets and masters grade level expectation in Math, according to STAAR results. **Root Cause:** Staff needs to track and monitor student progress, make adjustments and be informed of students who fall in multiple sub-populations.

Problem Statement 2 (Prioritized): Our ELL students in grades 1-5 did not show growth according to the TELPAS assessment. **Root Cause:** Staff need to ensure with fidelity instruction is being delivered to students so that background knowledge is built, prior knowledge is activated, learning experiences are created that make content comprehensible, and vocabulary development is a focus.

Problem Statement 3 (Prioritized): When looking at Mclass data, analysis of our beginning of the year mClass K-2 data for Nonsense Word Fluency shows that 41% of kindergarten students, 50% of first grade students, and 70% of second grade students did not meet benchmark. Students with a deficit in phonic decoding will not acquire sufficient vocabulary through text. This will negatively impact their reading comprehension. **Root Cause:** Tiered 2 targeted instruction was done inconsistently. Teachers in grades K-2will meet once a week in grade-level PLCS to review data and practice done in blending and segmenting practices that support explicit and systematic decoding instruction. Tier 2 targeted instruction will be done daily for students who do not meet benchmark in nonsense word fluency.

Problem Statement 4 (Prioritized): When looking at comparison data from the Math STAAR test, students in grades 3 showed minimal growth in the area of approaches, and declined in the area of Meets from the previous year. **Root Cause:** Rigor and relevance across grade level planning was not tightly aligned. Teachers in grades 3-5 will meet once a week in grade-level PLC to review data and practice. Teachers in grade 2 will reflect on standards not mastered in grade 3 to see how to best support students on the standard. Vertical teams will meet monthly in an effort to tightly align rigor and relevance across grade levels.

Problem Statement 5 (Prioritized): 47% of first grade students and 62% of second grade students did not meet benchmark on BAS beginning of the year comprehension. Students with a deficit in reading comprehension will not make adequate reading progress, which will contribute to gaps in learning as they move on to more complex skills through the years. **Root Cause:** An emphasis on vocabulary instruction is not being done with fidelity. Professional learning will be provided on the importance of vocabulary instruction to build reading comprehension. Teachers will be presented with the "why" and the importance of vocabulary instruction followed by spiraling review throughout the year. Discussions and data review will be held during grade level PLC.

School Processes & Programs

School Processes & Programs Summary

Mullendore houses the Structured Environment to Enhance Communication (SEEC) program for the Richland High School cluster feeder pattern. This program is an early intervention environment designed to meet the needs of students in Pre-Kindergarten-5th grade students who have multiple learning and language acquisition barriers. New to Mullendore this year, we also house the Preschool Program for Children with Disabilities, ECSE-SEEC program. This program serves children who are ages 3 and 4 and require early special education intervention with a focus on cognitive, social-emotional, language and communication, and physical skills.

Mullendore has a gifted and talented (GATE) program that serves K-2 students who have been identified as GT on campus. The campus also has an "Invest" program that is designed to enhance the skills of second grade students who were close to meeting qualifying requirements for GATE. The program seeks to enrich 2nd grade students' skills to help them be better prepared to qualify for GATE as a third grade student.

Mullendore provides services to students with academic struggles through a resource program that provides both "push-in" as well as "pull-out" services. Students that struggle with reading due to dyslexia are provided intensive reading instruction through a full-time reading specialist that is trained in MTA. Students that struggle with math are provided intensive small group instruction through a full-time math interventionist. The campus also provides additional reading support to students who struggle with reading but are not considered dyslexic with an additional reading support tutor that is a certified teacher. Students who struggle with math but are not considered tier 3 receive additional math support from a math tutor that is a certified teacher.

School Processes & Programs Strengths

Mullendore has a Response to Intervention (RtI) process that involves a collaborative discussion of all students every three weeks. The first "cycle" is where intervention/enrichment strategies are discussed and then a student's tier placement is considered and moved, if deemed appropriate by the RtI committee. The second "cycle" is where students are discussed individually to determine if strategies are effective. Both "cycles" of RtI collaboratives are staffed by Principal, Assistant Principal, teacher of record, math and reading interventionists, and often times an instructional coach is present to offer instructional/curricular suggestions.

Mullendore is partnering with a campus identified in our comparison group. Grade level teachers will collaborate and PLC with Spicer teachers in an effort to plan and create common formative assessment, discuss data, and share successful interventions.

To meet the many social and emotional needs of our students, an alternative Friday Schedule has been created. This schedule provides support and encouragement school wide. Grade levels are able to focus on Character Strong lessons as well as meet with a "Buddy Class" to discuss Conscious Discipline routines and procedures. During this time students read with their "buddy", share data folders, and PDSAs are discussed and reviewed.

Perceptions

Perceptions Summary

Using Conscious Discipline as our school-wide discipline plan has helped the children and their families feel involved and successful in the emotional growth and health of their child. Utilizing Social Media posts, live Facebook Feeds and monthly newsletters to families, we have worked to keep our parents and stakeholders informed and involved with what is happening on our campus. Monthly activities for families and PTA programs throughout the year, are planned to promote socialization and relationships. Our school and PTA plan on continuing to host "restaurant nights" to serve not only as a fund raiser but more importantly to continue to build community and rapport among our parents, students, and staff. School events have been spread out over several nights to minimize the amount of crowding in the halls and building. School wide family events are scheduled to take place outside when the weather allows. Families and students are greeted each morning at the door and on Friday's music is played to motivate, welcome, and bring happiness to families as they arrive.

Perceptions Strengths

Using the data from surveys sent to parents, students and staff each year, we were able to indicate areas that have shown positive results. Parents have shared and expressed appreciation regarding communication, the organization of arrival and dismissal of students, and how information is shared in a variety of ways. The vast majority of respondents feel that they are safe and secure while at school. Parents also report that they are proud to state that their children attend Mullendore Elementary and that they feel Mullendore meets the academic and social and emotional needs of their children.

Priority Problem Statements

Problem Statement 1: Our ELL population and students in our demographic subgroups, did not make the progress expected in the areas of meets and masters grade level expectation in Math, according to STAAR results.

Root Cause 1: Staff needs to track and monitor student progress, make adjustments and be informed of students who fall in multiple sub-populations.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Our ELL students in grades 1-5 did not show growth according to the TELPAS assessment.

Root Cause 2: Staff need to ensure with fidelity instruction is being delivered to students so that background knowledge is built, prior knowledge is activated, learning experiences are created that make content comprehensible, and vocabulary development is a focus.

12. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition, two-way communication between the school and home, and parent and family engagement activities.

3. Annual Evaluation

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics

2. Perceptions

3. Student Learning

4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4. Parent and Family Engagement (PFE)

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Teachers:

Melissa Piesche

ELizabeth Huggins

Cherri Kehoe

Amanda Rivera

Natalia Chancellor

Parents:

Mandee Wisnewski

Heidi Pagel

Community Members:

Shawn Wood

Helen Clark

Administrators:

Merritt Dobecka

Sara Muetzenberg

Other Campus and district staff:

Channing Haye

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Monday, Tuesday and Thursday evenings as well as Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:
